ANNOUNCEMENT

The Chapter of the Cuban Society of Educators in Health Sciences and the University of Medical Sciences of Holguín invite you to participate in:

EdumedHolguín2022

Eleventh International Scientific Conference of SOCECS in Holguín.

The event will be held as part of the activities in salute to the Health Worker's Day and the Educator's Day.

It aims to publicize the results of research in the field of Health Sciences Education, discuss and generalize advances in this field in our country and promote the development of new scientific projects on the subject.

With a high commitment to our time and our University, this eleventh edition of the International Scientific Conference of SOCECS in Holguín aims to continue consolidating the progress made in Medical Education.

The results that are presented in it must be oriented to the discussion of the main topics related to Education in Health Sciences that impact on the training of human resources necessary to guarantee the quality of health care and the well-being of our patients, peoples and taking into consideration the actions of Medical Universities in confronting the pandemic that still plagues humanity, COVID-19.

It also aims to create a space to promote interdisciplinarity and inter-university collaboration in the territory, with the presentation of the results of work carried out jointly by the professors of these centers or results that have an impact on the training of human resources in health.

Presidency of Honor:

Dra. Galina Galcerán Chacón.

Dra. Alina Arencibia Hernández.

Guest of honor:

Dr. George Velázquez Zúñiga.

Organizing Committee:

President: Dr. Pedro A. Díaz Rojas.

Vice president: Dra. Elizabeth Leyva Sánchez.

Scientific Committee:
